GUITEAU is determined to be heard in his own defense before the jury, and wants the closing speech.

TEXAS will pay 3,000,000 acres of land for a new state house. The contract has been signed, and work will begin at once.

JAY GOULD and others will probably establish new stock yards near Chicago to be a rival of the Union stock yards. The capital will be $3,000,000.

GUITEAU thinks that if he can be cleared he can earn $100,000 in a short time lecturing. He is willing to divide with any one who will pull him through.

KERNAN, of *Oklona State* infamy, has turned up in Iowa. He is said to be in poverty. The fellows who paid for his ravings and used them against the democracy should respond to his necessities.

MR. PULASKI, in Logan county, is all torn up over the appointment of a post master. The present incumbent, S. L. Beidler, has served the people and his party well for over twenty years, yet some of the outs think that he has done enough. A row is the consequence. Litchfield is similarly disturbed.

TRULY these are days of reform. Congressman Hooker, of Mississippi has been charged by his constituents with getting "tight." He denies the impeachment, and got some of his fellow members to certify that he keeps duly sober. There will evidently be a doubt in the minds of many as to their being competent witnesses.

MR. HAYES, who for four years drew Sam Tilden's salary, is not fully in accord with his political brethren on the question of Mahonising the south. He says: "There is, I think, a tendency to prepare a campaign in the south on the same general plan that Virginia was carried for Mahone. Now, I am strongly opposed to that course, on principle. It savors of dishonor. It is repudiation in effect, and to foster that idea is dangerous, and undetermines the spirit of our best institutions. The south should pay its debts."

MR. BLAINE lately wrote to the managers of the Atlanta cotton exposition: "From Maine to Georgia once typified the extremes of the union, as it did the extremes of antagonism. Maine and Georgia can now interchange visits in a single week, and—let there be no strife between us, for we be brethren." Had Mr. Blaine manifested the same spirit towards the south years ago, the political condition of the southern states would now be different. But it was his party's interest that they be maligned, abused and lied about. Blaine is now in political adversity, and can afford to tell the truth.

Nail Made.

PITTSBURG, PA. Jan. 12.—At the regular monthly meeting of the Western Nail Association after a full interchange of views the card rate was advanced from $2.25 to $2.40 per keg. The attendance was large and the reports on the state of trade most encouraging.

The Trunk Line War.

NEW YORK, Jan. 12.—It is stated the new proposition for a settlement of the railroad war was favorably received at the conference yesterday, and another conference was held today. Government fours are reported scarce, on the sending of $900,000 to Washington within a few days as security for circulation.

Davidge has Commenced His Speech in the Guiteau Trial.

Douglas Vaughan, a Prominent Republican Politician of Wisconsin, in the Meshes of the Law.

MISCELLANEOUS NEWS.

The Guiteau Trial.

WASHINGTON, JAN. 12.—As soon as the court was called to order Davidge took a position in front of the jury and opened the argument with a declaimer of any intention to make a set speech, but expressed a simple desire to render the jury what aid he could in their present solemn duty The time had now arrived in this trial when the jury were to become the factors. Whatever disorder or levity might have characterized the trial, there was but one sentiment in respect of the condition of the jury. All commended their dignified deportment and close and patient attention to the evidence, and he could not doubt that as they had received the commendation of all in the past they would continue to deserve it in the future by their decision of the question before them.

As Davidge traced the process of reasoning by which the prisoner gradually reached the conviction that but one life interposed between himself and possibly great benefits, Guiteau became restless, and for the first time since the opening of the court, indicated by his nervous twisting about the unusual preliminaries to a series of interruptions which, in this instance quickly followed. Not often, said Davidge, in the record of heinious crime do we have such plain and pointed evidence as to the first conception of the crime. In this case the suggestion came to the wretch in the night as he was lying in his bed.

It came to me when the Lord got ready to have it, snarled the prisoner.

Davidge continued, this thought or suggestion came to him on the 18th of May. Still thinking he might obtain office he sought to keep his hands clean. He made another effort on the 28th of May to induce the president—

Guiteau called out from the dock, I would not have taken a foreign mission after the 1st of June had it been offered to me.

Davidge (apparently not heeding him): On the 28th of May—

Guiteau: I am talking about the 1st of June.

Davidge (pausing a moment): Just listen to him.

Guiteau (sneeringly): They would listen to you, but your talk is so weak it is hardly worth listening to you.

For several minutes Guiteau continued to interject his comments with the evident intention of annoying Davidge, but finding he could not effect this, he finally subsided into complete silence.

In the beginning, said Davidge, it was sought to show the prisoner was off his balance. Now the court tells you to look for that degree of insanity that disables a man from knowing what he was doing was wrong. This test you are to apply upon the question of inspiration. I think I will be able to show to your satisfaction how little there is in this claim. He then argued that the prisoner had that degree of intelligence, legal knowledge and moral sense which rendered him responsible for his action. In a telling speech he showed that the prisoner himself had wit to see the fatal line of Scoville's defense and repudiated it, arguing that in his own behalf he was no imbecile but a sane man, whose intellect and will had been dominated during a specified period of time, rendering him irresponsible for this particular crime. He then reviewed the circumstances of the crime and the victim, and his analysis of Guiteau's character was graphic and effective. If, he exclaimed, I were to sum up the moral and intellectual qualities of this man, I should say that he had the daring of the vulture combined with the heart of the wolf."

In speaking of Guiteau's plan, he remarked upon his greater fear of a mob than of the law, and exclaimed: We must to our shame that this estimate had a foundation. It rests, he added, with the jury to show the world whether Guiteau's plan was well founded.

Consolidation of the Several Great Interests in the South

CINCINNATI, O., Jan. 11.—A prominent operator in iron who has just returned from Nashville, Tenn., says that transactions recently closed and those now under consideration point to the consolidation of the great iron producing interests of the South into a few hands. The sale of the Southern States Coal, Iron and Land company (limited) to the Tennessee Coal, Iron and Railroad company makes the latter, with $5,000,000 capital, the owner of three blast furnaces, already built, sixty thousand acres of mineral land, including the Tracy City coal mines and coal ovens, saw mills, car-shops, foundries, fire-brick and bartyr works. The southern states works located at South Pittsburg, Tenn., were built by a syndicate of English capitalists, who have expended over a million and a half of dollars improving the property. The change in ownership put a syndicate of American capitalists in control, the leading members of which are N. Baxter, A. M. Shock and Cherry, O'Connor & Co., of Nashville; John Inman, of New York, and the leading officials of the Louisville and Nashville railroad. Besides the three furnaces already built, another will be constructed, increasing the capacity of the combination to over one hundred thousand tons annually.

Another great consolidation of iron interests is nearly affected at Birmingham, Ala. This will unite the Alice and the Eureka furnaces, now in operation; the great Sloss furnaces, now being built, and two more, to be constructed. The capital of the com will be $10,000,000. The leading movers in the scheme are Debard Elchen, who recently sold the Pratt mines to New York capitalists for $1,000,0000; the Hilmans and Col. Sloss. This would practically consolidate all the iron producing interests of central Alabama, except the charcoal furnaces. The six furnaces together would have a capacity of 150,000 tons annually.

A Model Politician.

MADISON, WIS., Jan. 12.—About 4 o'clock this morning Doug Vaughan, of Portage City, a politician of considerable note in the western part of the state, and ex-sheriff of Columbia county, who barely missed securing the nomination in the republican caucus for sergeant at-arms of the assembly, was placed under arrest on the charge of having gone through Ed Sanderson, of Milwaukee, chairman of the republican state central committee, while both were in a room in the Park hotel between 3 and 4 o'clock this morning. Sanderson is noted for his fellowship when out with the boys, and his latest exploit in that line was commenced simultaneously with his arrival here Monday night last, when he came over to wrestle with the legislators in the interest of someone or something. At the close of the senate caucus last night, good-fellowship reigned supreme in the Park hotel, with the chairman of the republican state central committee as the central figure. Among the party was M. D., or Doug., Vaughan, who only a few hours before had gracefully submitted to defeat in the caucus. Shortly after 3 o'clock in the morning the party disbanded and paired off to bed. Sanderson and Vaughan led the procession, and reaching the former's room, the defeated candidate proceeded to relieve Mr. Sanderson of his effects. About this stage of the proceeding the chairman of the state central committee was *hors de combat* on the bed, but rallied sufficiently to understand what was going on. He was also conscious of the fact that the ex-sheriff of Columbia county was heavily armed, and he therefore feigned stupidity and submitted to the invasion of his pocket-book. An inspection of his pockets after Vaughan's leaving the room convinced Sanderson that he had been robbed of $140 in cash and an accepted check for $100. He promptly summoned to his aid several friends, and accompanying them to the office below corraled Vaughan, who was promptly led into the porter's room and accused of the robbery. At first Vaughan grew indignant and denied the charge, but finally owned up, and, being closely pressed, gave up the check of $100 and $20 in currency. Vaughan was then turned over to the chief of police, who had by this time arrived upon the scene, and taken to the lock-up. The proceedings in the hotel had brought nearly every legislator and inmate upon the scene. A consultation resulted in an effort to suppress the whole matter, and Vaughan was released from custody.

THE movement to Mahoneize South Carolina and redeem it from Bourbon rule has begun. The leader is State Senator Fishbourne, a life-long Democrat, whose platform is "free ballot and a fair count."—*Bloomington Leader.*

He should secure the aid of "Effigy" Sargent of California, who is spoken of for a prominent place in Mr. Arthur's cabinet. He is an expert in securing a "free ballot."

THE St. Louis *Post Dispatch* is evidently not "a woman's rights man." It says: The advocates of Woman's Suffrage in the country are very much enlightened by the vote taken in the senate the other day on the proposition to create a committee to look after the petitions of the female agitators. The vote was on Bayard's motion to refer the matter to the Judiciary Committee. The republicans voted "no" unanimously and the democrats voted "aye." Davis, of Illinois, voted with the republicans, and the question has thus become one of politics so far as the creation of this committee is concerned, the republicans supporting the resolution and the democrats opposing it. The Women's Rights advocates are feeling very much encouraged at this attitude of the parties and are saying that the question of conferring the right of suffrage upon women is bound to be one of the most important political issues from this out, and the republicans, in planting themselves upon it, have assured their party control of the country for twenty years to come. There are some republican senators, however, who are not yet ready to stand upon the Woman-Suffrage platform. They say they favor the creation of a standing committee to take cognizance of all matters pertaining to this question of Woman's Rights, because women are entitled to a hearing, and that it is the only way of assuring their petitions consideration, but if the question was to confer the vote upon women they would not be ready to vote in its favor just yet. Having exhausted the negro in politics, the republicans will be likely to grab for the most plausible humbug that presents itself and there is nothing in sight now but Woman's Rights.

Wants rid of Cranks
St. Louis Chronicle.

Representative Hawk, of Illinois, has introduced a bill in the lower house providing that an attempt on the president's life shall be punishable by death. There will be diversity of opinion as to the fitness of this measure, but it would seem that a necessity exists for the better protection of the president. Cranks and disappointments have apparently come to believe that the easiest way to leap into fame is to assassinate the chief executive or some other high official, and have the affair reported at length in the newspapers. On the score of justice, it may be argued that the man who makes an attempt on the president's life is deserving of death. His blow is not aimed at a common citizen simply, but at the entire population; and he who would throw an insult or a missile of death into the face of the American people, should hang like a dog. This policy would soon drive the "inspiration" idea out of the heads of cranks, and make the position of president a safer one to hold.

CINCINNATI, O., January 11.—This forenoon at the rooms of the Ohio and Mississippi Railroad Company the Cincinnati directors held a meeting, at which were present W. J. This constitutes a quorum. Without dissent the board decided to call a meeting of the stockholders of the Ohio and Mississippi at Flora, Ill., April 6, this year, to pass by vote upon the question of authorizing the directors to issue bonds at once to take up the arrearages and floating debt of the Pacific Railroad Company, and to issue bonds, hereafter to take up the bonds of the road as they fall due, and fund them at 5 per cent.

BOARD OF SUPERVISORS.

Proceedings of a Special Meeting Held on Friday, Jan. 6, 1882.

The Board of Supervisors of Macon county met pursuant to a call of one-third of the members thereof for the transaction of county business, began and held at the Court House in the city of Decatur, in said county, on Friday, the 6th day of January, 1882, Hon. A. T. Hill in the chair.

Present: H. W. Waggoner, Clerk; W. W. Foster, Sheriff.

Court opened by proclamation.

Present: Supervisors Childs, Davis, Edgar, Freeman, Gage, Garver, Hawkyard, Hoyt, Manecke, Michl, Mowry, McReynolds, Rosengrants, Turner, Van Leer and Ward. Absent: Supervisors Marsh and Van Gundy.

The call for the special meeting was read by the Clerk.

On motion of Supervisor Ward, the rules of order were suspended.

Supervisor Hoyt offered the following, which was adopted:

WHEREAS, The county house and insane building upon the county farm have been entirely destroyed by fire, and the inmates of the same are now being kept in the tabernacle and jail in the city at a heavy expense to the county; therefore

Resolved, That a committee of three be appointed to procure some suitable building in which to keep the paupers until new buildings can be erected, and to report to the Board this afternoon.

The Chair appointed Supervisors Hoyt, Freeman and Ward on said committee.

On motion of Supervisor Hawkyard, the Committee on Public Buildings were instructed to have a temporary building erected upon the poor farm in which some person can remain, while attending to the stock upon said farm.

On motion of Supervisor Hoyt, the Finance Committee were instructed to look after the insurance upon the buildings lately destroyed by fire upon the poor farm.

On motion of Supervisor Mowry, the Committee on Paupers and Poor Farm were instructed to make some arrangements in regard to having the insane paupers taken care of until permanent buildings can be erected, and for that purpose they correspond with the Superintendent of the Asylum for the Insane at Jacksonville and ascertain if they cannot be taken care of there for the present.

The special committee, to whom was referred the matter of procuring a suitable building for the paupers, made the following report, which was received and placed on file:

To the Honorable Board of Supervisors of Macon County, Illinois:

Your committee appointed to examine location and receive propositions for a building for temporary home for the paupers, would report that they visited the place known as "Idlewild," and find that it contains eight bed-chambers, parlor, sitting-room, dining-room, and a large kitchen; the kitchen and one bed-room are detached from main building; also a small cellar under portion of house. We should judge there was about two acres of ground, having a good fence around it. The rent for same would be $30 per month, and possession could be given in a few days. The property can be purchased for $3,500. We also interviewed Mr. Doyle about the house known as the Workingman's Hotel, which was not for rent; also the Franklin House, so called, the rent of which would be $100 per month, and would require considerable repairs to be used for the county. One other proposition (from Mr. Muzzy), which was submitted to the Board, we have not embraced in this report.

Your committee would recommend the leasing of the "Idlewild" property for eight months, with the privilege of longer time, if needed; and would further recommend that it be stipulated in the lease that the county have the refusal in case of sale, at a price not to exceed $3,500.

We find the property in good repair in a healthy and convenient location, and think it would be desirable for the county to purchase the same.

Respectfully submitted.

J. N. HOYT,
HIRAM WARD,
JAMES FREEMAN.

On motion of Supervisor McReynolds, the Committee on Paupers and Poor Farms were instructed to lease the property known as "Idlewild" at the price per month reported by the committee, and enter into a written contract for the same.

Supervisor Hawkyard offered the following:

Resolved, That when the county erect new buildings for the accommodation of the poor, that they be built upon the present farm owned by the county.

On motion of Supervisor McReynolds, the resolution was laid on the table.

On motion of Supervisor Ward, the Board adjourned until Wednesday, January 18, at half past 1 o'clock p. m.

GENTLEMEN: I was suffering from general debility to such an extent that my labor was exceedingly burdensome to me. A vacation of a month did not give me much relief, but on the contrary, was followed by increased prostration and sinking chills. At this time I began the use of your IRON TONIC, from which I realized almost immediate and wonderful results. The old energy returned and I found that my natural force was not permanently abated. I have used three bottles of the Tonic. Since using it I have done twice the labor that I ever did in the same time during my illness, and with double the ease. With the tranquil nerve and vigor of body, has come also a clearness of thought never before enjoyed. If the Tonic has not done the work, I know not what. I give it the credit. J. P. WATSON, Pastor Christian Church, Troy, O.

Various Causes—

Advancing years, care, sickness, disappointment, and hereditary predisposition—all operate to turn the hair gray, and either of them inclines it to shed prematurely. AYER'S HAIR VIGOR will restore faded or gray, light or red hair to a rich brown or deep black, as may be desired. It softens and cleanses the scalp, giving it a healthy action. It removes and cures dandruff and humors. By its use falling hair is checked, and a new growth will be produced in all cases where the follicles are not destroyed or the glands decayed. Its effects are beautifully shown on brashy, weak, or sickly hair, on which a few applications will produce the gloss and freshness of youth. Harmless and sure in its results, it is incomparable as a dressing, and is especially valued for the soft lustre and richness of tone it imparts.

AYER'S HAIR VIGOR is colorless; contains neither oil nor dye; and will not soil or color white cambric; yet it lasts long on the hair, and keeps it fresh and vigorous, imparting an agreeable perfume.

WONDERFUL CURE

READ PROOF OF WONDERFUL CURES.

FREMONT, OHIO, Jan. 25, 1881.

Dr. B. J. Kendall & Co., Gents.—I think it my duty to render you my thanks for benefits and profits which I have derived from your invaluable and far famed Spavin Cure. My cousin and I had a valuable stallion worth $4000 which had a very bad spavin, and was pronounced by four eminent Veterinary Surgeons beyond any cure, and that the horse was done for ever. As a last resort I adv sed my cousin to try a bottle of Kendall's Spavin Cure. It had a magical effect, the third bottle cured it, and the horse is as well as ever. Dr. Dick, of Edinburg, the emminent veterinary surgeon, was an uncle of mine, and I take great interest in assisting his profession.

Yours truly,
JAMES A. WILSON,
Civil Engineer.

Dr. B. J. Kendall & Co., Gents—Enclosed please find 25 cents for your treatis on the horse and his diseases. I have been using Kendall's Spavin Cure on one of my horses for bone spavin. One bottle entirely cured the lameness and removed most all of the bunch Yours respectfully,

KENDALL'S SPAVIN CURE
ON HUMAN FLESH.

West Enosburgh, Vt., Feb. 15th, 1881.

DR. B. J. Kendall & Co., Gents:—Several months ago I injured my knee joint which caused an enlargment to grow the size of a large walnut and caused me very severe pain all the time for four or five weeks, when I began to use Kendall's Spavin Cure with the most satisfactory results. It has completely removed the enlargment and stopped the lameness and pain. I have long known it to be excellent for horses but now I know it to be the best liniment for human flesh that I am acquainted with.

Yours truly,
T. P. Lawrence.

KENDALL'S SPAVIN CURE.

WILTON, MINN., January 11, '81

B. J. Kendall & Co., Gents—Having got a horse book of you by mail a year ago, the contents of which persuaded me to try Kendall's Spavin Cure on the hind leg of one of my horses which was badly swollen, and could not be reduced by any other remedy. I got two bottles of Kendall's Spavin Cure of Preston & Ludduth, druggists of Waseca, which completely cured my horse. About five years ago I had a three year old colt sweenied very bad. I used your remedy as given in your book without rowelling, and I must say to your credit, that the colt is entirely cured, which is a surprise not only to myself, but also to my neighbors. You sent me the book for the trifling sum of twenty-five cents, and if I could not get another like it, I would not take twenty-five dollars for it.

Yours truly,
GEO. MATHEWS.

KENDALL'S SPAVIN CURE.

Is sure in its effects, mild in its action as it does not blister, yet it is penetrating and powerful to reach every deep seated pain or to remove any bony growth or other enlargments, such as spavens, splints, curbs, callous sprans swelings and any lameness and all enlargements of the joints or limbs, or for effeumtism in man and for any purpose for which a liniment is used for man or beast. It was known to be the best liniment for man everused; acting mildly and yet certain in its effe ts. Send address for Illustrated Circular which we think gives positive proof of its virtues. No remedy has ever met with such unqualified success to our knowledge, for beat tas weell as man.

Price $, per bottle, or six bottles for $5. All Druggists have it or can get it for you, or it will be sent to any address on receipt of price by the proprietors, Dr. R. B. J. Kendall & Co., Enosburgh Falls, Vt.

Dr. WALSTON'S
CARD.

I WISH TO SAY TO THE PUBLIC that I am now, and have been for the last ten years, devoting myself exclusively to the treatment and cure of

All Chronic Diseases,

Surgery and Deformities.

CROSSED EYES

I straighten by a very small operation. I operate for CATARACT and ARTIFICIAL PUPIL and thereby restore sight to the blind. I quickly remove obstructions to the tear ducts which occasion weeping or the running of tears over on the face, and am PREPARED and ACCUSTOMED to cure all the surgical diseases of the Eye.

I cure RUPTURES of all kinds and varieties by a process entirely new and simple without the knife, thereby doing away forever with the use of trusses.

I cure all kinds of PILES or FISTULA without the knife, ligature, caustic, pain or danger. STRICTURES, VARICOCELE, HYDROCELE and all private diseases are cured permanently and perfectly in a very short time by the LATEST REMEDIES and most APPROVED METHODS.

That very distressing and annoying train of diseases of the Bladder and Kidneys is treated with a success that astonishes the unfortunate sufferers after so many fruitless trials.

DISEASES OF WOMEN of every conceivable kind and variety can be most certainly cured. They are all perfectly curable any their treatment is attended by an authentic whatever when they are well un'erstood.

All diseases of the JOINTS and BONE, all SORES, TUMORS, CANCERS and ULCERS are treated and cared by those new and much improved methods for which the last ten years are famous. HIP JOINT DISEASE, CLUB-FOOT and all diseases of the BACK and SPINE are treated and cured with special success on account of some improvements of my own.

Being thoroughly furnished with APPARATUS, APPLIANCES, MACHINES, BATTERIES, MICROSCOPES, etc etc., and all modern helps, with so many years experience in this field, I am prepared to achieve success where success is at all obtainable.

It is with honest pride that I acknowledge the courtesy extended to me by the physicians of this and adjoining counties. Whatever of excellence may attend my treatment over others, is my dint of hard work, experience and well-improved opportunity.

John Rollen, who is charged with having stolen an overcoat from Fenton's clothing store yesterday, was arrested and lodged in jail. It is said that there is a very clear case against him.

Chicago *Tribune*: "F. A. Falconer, charged with embezzling $700 from S. B. Bradshaw & Co., was up before Justice Brown yesterday, and held to the criminal court in bonds of $1,000, in default of which he went to jail."

Yesterday morning John Drohen was ordered under arrest by Judge Smith, on a charge of contempt of court. His bail was fixed at $200, and in default he was committed to jail. He will have a hearing soon.

The small-pox has appeared at Hartsburg, in Logan county. A man who was partly broken out with the disease continued to go about the the town, not knowing what was the matter with him, thereby exposing a number of the inhabitants. He and two or three others are now down, and it is feared the disease will spread rapidly.

Last night the recently elected officers of the Knights of Honor were installed. They are as follows:

Yesterday the prayer of Madame Elizabeth Davis, for a change of venue in the cases pending against her, was made to the court by her attorneys, Messrs. Buckingham, Hutchinson and Lee. The prayer was made because of alleged prejudice against the interests of her case, caused principally by the press of this city, in publishing articles against his good standing in this community. Mr. Buckingham is a good reader, and he had evidently studied two or three of the articles from the REVIEW, which he read, very carefully. He was highly complimented on his reading, and the REVIEW for the terseness and force of its editorials. Attorney Johns will get in his side of the case in a day or two.

POPULAR NEW YORK STORE.

Clinton, in Dewitt county has a local sensation. Over eleven years ago Miss Mattie Revis met a young man by the name John Tomes in Jefferson City, Mo., and they were married, he being foreman in the leather department in the penitentiary and living comfortably at an income of $125 per month. Domestic troubles and Mrs. T.'s constant visiting two or three month at a time caused him to pick up with another woman during Mrs. T.'s absence, and they left for parts unknown. For five years Mrs. Tomes wandered about among relatives, with two small children, finally locating at Clinton, and was in the dress making trade. A friend, warden of the Jefferson City, Mo., penitentiary was working in the Joliet, Ill., and recognized Mr. Tomes under an assumed name and called him by name. This friend sent word to Mrs. Tomes to come at once to Joliet and take him by surprise. She packed last week and left word if he would marry her again she would write O. K. Two or three days passed by in anxiety, when the tidings of O. K. came. They are again happy!

The recent lease of the L., D. & S railroad by the L., B. & W. was evidently a part of a plan of the latter road to secure a western outlet to St. Louis and other points. An Indianapolis dispatch dated Wednesday, Jan. 11th, says: "The Indiana, Bloomington and Western officials have becided to begin at once the construction of the extension of the Indianapolis, Decatur & Springfield road, which they have recently bought to St. Louis, and a force of engineers will start to locate the lines. Several routes will be surveybefore a choice is made but the line most favorable looked upon starts from a point twelve miles east of Decatur on the L., D. & S. It is asserted that the construction of this St. Louis continuation is absolutely necessary in order to insure a paying business over and above the lease price of the L., D. & S., and that without it the L., B, & W. company would fall $50,000 short of meeting the obligations incurred by the lease, At any rate the St. Louis outlet will be built at the earliest possible moment." The reason why the route begins twelve miles east of this city, and runs south of the river is because they feared difficulty in getting the right of way through the city, and that the bridging and filling in the Sangamon bottoms will be avoided. The movement indicated by the dispatch shows that the early completion of the road to St. Louis may be expected.

Small-Pox.

The fact that small pox is reported to the state board of health as existing in over seventy points in the state, is warrant for the active steps that are being taken to crush out the plague. At no point is there any immediate danger of its becoming wide spread, but this is largely owing to the precautionary measures taken.

The state board has just issued an official order for the prevention of the disease, which is being sent through the state. The first thing insisted on is thorough vaccination and revaccination, then vigilance to prevent the introduction of the disease from abroad, and finally the complete isolation of all small-pox patients. Attention is also called to the fact that the authorities have all needed power, under the law, for the protection of communities, by inforcing isolation, destroying infected material, etc. It is perfectly competent for local boards of health to pay for the vaccination of indigent persons; and make such other expenditures, as in the exercise of a sound discretion, may seem prudent and necessary either to effect a cure or to prevent the spread of any epidemic contagious or infectious disease.

Local boards and authorities are strongly advised against the policy of concealment. Small-pox cannot be suppressed by denying its existence. Official reticence in this is not only useless to protect commercial interests and reputation, but is in the highest degree mischievous, in that it begets confidence, which may lead the unwary into such danger as an honest announcement of the facts would have warned them to avoid. Prompt publicity should be insisted on in every instance.

DIED.

The Decatur National Bank.

Attention is called to the quarterly statement of this institution published in another column. It shows a prosperous condition of affairs, of which the management can well be proud. This bank has been growing in public favor, till now it is regarded as one of the safe, solid financial institutions of this part of the state. The stock, $100,000, is all held in this county, except a small amount, and its stockholders are among our recognized careful business men. Mr. A. T. Hill, the president, is the largest stockholder, and he is very properly entrusted with the presidency. Mr. Bright, the cashier, is well known in this community as an active, painstaking accountant, and has filled the position with great credit. He is affable to all alike and has many friends in the county. A list of the stockholders is given below, the first nine constituting the board of directors:

A. T. Hill, D. S. Shellebarger, D. W. Brenneman, Josiah Clokey, Wm. Bowers, Kilburn Harwood, N. A. White, James W. Haworth, Geo, D. Haworth, H. W. Waggoner, L. L. THE PALACE HOTEL

A Pleasant Home for Travelers.

A good hotel is what the traveling public desires, and a city that has within its limits plenty of pleasant hotel accommodations is highly favored. This morning the REVIEW takes pleasure in calling attention to the Palace Hotel, located on South Main street, and in charge of Nicholis Laux one of the oldest and most experienced hotel keepers in this part of the state. The building in which this hotel is kept is nearly new, and the arrangement of its rooms is well adapted to hotel purposes.

On the first floor is a large and well furnished office; a spacious dining room with an abundance of furniture nice and new, and kitchen accommodations that are ample for any emergency that may arise,

On the second floor is a large and well furnished parlor which is at all times open to the guests of the house. Here the patrons of the Palace may chat and read at their leisure, and travelers may here pass their evenings as pleasantly as at home.

On this floor are also twenty-eight well furnished sleeping rooms, among which is a fine suit of three rooms, well adapted to the accommodation of a family. These rooms are all well lighted, and with their nice new furniture are most attractive and inviting, there being not one of the entire twenty-eight but that has all desirable furnishings.

Passing to the third floor we find twenty large sleeping rooms which are well set out with new furniture, and present a most inviting appearance. All the sleeping rooms in the house are of good size, and have ample ventilation.

Having spoken of the house and its ample accommodations, it may not be amiss to say that the table is always well spread with the best the market affords, cooked by persons who understand their business. Mr. N. Laux, the proprietor, needs no introduction to the citizens of Decatur or to the traveling public. All know, that he will do all he can to promote the comfort and enjoyment of those who may take shelter under his roof.

To what we have said we will simply add, that whoever wants a quiet pleasant place to stay for a longer or shorter time will find it at the Palace Hotel.
